Subject: Fundraising opportunity for

Dear

At The DONNA Foundation we work hard all year long to provide support and resources for individuals and families impacted by a breast cancer diagnosis. We deliver this vision through:

- **The DONNA CareLine** by serving patients' financial critical needs,
- **Funding for Research** so there is a hope for the future, and
- **Survivorship, Education, and Awareness** programming to celebrate survivorship and lift one another up across Run DONNA events, including The National Marathon to Finish Breast Cancer.

Over the last 20 years we have made great progress that wouldn't have been possible without community support, and we are grateful.

This year, we are asking for your help to make even more of a difference. Would you be willing to host a fundraiser with a specific donation amount or a percentage of proceeds to benefit the work of The DONNA Foundation? This organization will be hosting the following fundraiser:

Your support would directly enable us to provide financial assistance, peace of mind, and HOPE to individuals and families who need it so desperately.

Please contact me if you'd like to learn more about hosting this fun fundraising opportunity. I would like to share my ideas on how we might collaborate to ensure a successful fundraiser. **Together, we can finish breast cancer.**

On behalf of The DONNA Foundation,
